

L I S

'Grand circle of light'

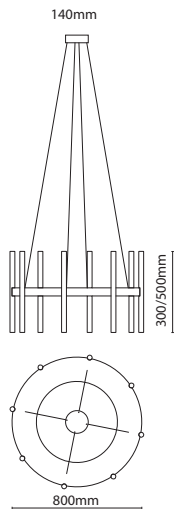

Designed by
Peter Straka
Vienna 2005

Inspired by medieval chandeliers, L I S, with its multiple vertical luminaires, has a lightness that belies its grandeur. L I S is a contemporary alternative to a classic chandelier.

Process: The brass plate components for the L I S chandelier are laser cut. The single components are hand polished, then nickel plated, wired with the 8 sockets and finally all assembled.
