

GEAR CANDLE HOLDER

Inspired by a trip to Copenhagen's engine museum, DieselHouse, the Gear Candle Holder brings a refined industrial feel into the home. A bold mechanical look is highlighted by the refined anodized finish, and complemented by the softness of candle light. A striking contrast between light and material.

About the designer Rikke Frost

The work of Rikke Frost aims to be holistic and sustainable in its approach and execution. She has an obsession for identifying future aesthetic and functional trends. A large portfolio of work includes pieces for some of Denmark's leading companies, and those further afield, through her own studio established over 10 years ago.
