Ho Chi Minh City, a.k.a. Saigon, has emerged as a global city in ways that few can imagine. Since 2010, when District Eight was founded, our home evolved from recognizable layers and textures of French colonial and mid-century modernist styles, to a new, continuously shifting identity. From pre- and post-war design realities to a furnace of emerging and diverging inspirations. In this new Vietnam, there is infinite room to grow. Our ideas and craftsmanship have also evolved in such a vibrant environment, while our mission remains: to offer the world distinct modern furniture, created in contemporary Vietnam.

CRAFTED FOR LIFE.
